18 april	Easter Monday: no school
19 april	Study day: geen school
22 april	King's Games
25 April - 6 May	May holidays

Dear parents/carers,

In this newsletter we give you important information. Do you have questions about this or do you want to know more? Feel free to contact me or the teacher.

Study day and lesson-free day

On March 31st we have a lesson-free day. Some parents have received a calendar with the wrong date, for which we apologize. We have a study day at school on April 19th. This means that we study with the whole team and the children are therefore free. On Wednesday , April 20 , they are expected back at school.

Corona measures

The Corona measures will be further relaxed. This means that self-testing is no longer advised. However, the measures remain in force if a child is ill (test-stay at home in case of a positive test). It is nice that we are increasingly going to a normal situation. The parent café will not take place yet, because we simply do not have the space to receive large (er) groups of parents at the moment.

Updated staff:

In group 3, teacher Angelique Lam recently started as a replacement for teacher Sabrina. We are happy that she has come to work with us and welcome her! Miss Angelique works in the mole group from Monday to Thursday and on Friday Miss Ellen will teach the group.

Children from Ukraine

Because of the war in Ukraine, we get a lot of applications from children from this country for a place at our school. And the registrations are fast! The boards of the surrounding municipalities have agreed that the Language Schools will receive these students. There's a lot coming at us! We are currently already full in all groups and we no longer have any classrooms at our location. The board is in consultation with the municipality to get classrooms in the short term. That will most likely be not near our location now. This means that the groups will become a bit fuller and we are also diligently looking for staff. This recruitment takes place through an established Taskforce Together for Ukraine. We hope that we will soon have access to premises and staff.

Report children

We are busy testing the children. The report interviews will take place from Monday 4 April. The teachers will inform you further about the time when you are welcome. Finally, these conversations can take place at school again.

Easter Breakfast

Wednesday, April 13, we have a cozy Easter breakfast with the children at school. The children do not have to have breakfast at home first. We take care of everything for the children.

King's Games

On Friday, April 22, we have the annual King's Games at school. That will be a fun day with the children, where we will all play fun games with them. We are already looking forward to that fun day!

Vacation

It will take a while, but from Monday 25 April to Friday 6 May the children will be free for 2 weeks. We then have May holidays.

Leave:

Would you like to request leave? Then take into account requesting leave on time, especially if you want to request leave for more than 10 days. This always goes through the compulsory education officer and not through the director. You should preferably request this request 2 months in advance!

Sincerely,

Jacqueline van den Bor
Director
